### ***Reviews***

*This book is fantastic. This is certainly for all those who statted there had not been a really worth reading. It is extremely difficult to leave it before concluding, once you begin to read the book.*  
(Prof. Dale Fahey MD)

## US TAXATION OF FOREIGN INCOME

The Peterson Institute for International Economics. Paperback. Book Condition: new. BRAND NEW, US Taxation of Foreign Income, Gary Clyde Hufbauer, Ariel Assa, Since 1992, new issues have arisen in international taxation - for example, taxation of electronic commerce, novel means of shielding passive income, the World Trade Organization (WTO) debate over the foreign sales corporation and subsequent passage of the American Jobs Creation Act of 2004, the problem of corporate inversions, and alleged "earnings stripping" by foreign-based multinational enterprises (MNEs) operating in the United States. In the meantime, US-based MNEs operating abroad have used a variety of methods to cut the effective US tax rate on repatriated foreign source income to around 2 percent. This revised study analyzes the impact of taxes on industry location and profit shifting using new panel econometric studies. It also discusses and evaluates new paradigms that have been suggested for the international tax system.
