

The Science of the Mind Applied to Teaching: Including the Human Temperaments and Their Influences Upon the Mind; The Analysis of the Mental Faculties, and How to Develop and Train Them; The Theory

By U J Hoffman

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Science of the Mind Applied to Teaching: Including the Human Temperaments and Their Influences Upon the Mind; The Analysis of the Mental Faculties, and How to Develop and Train Them; The Theory of Education and the School; And Methods of Instruction and School Management It is an almost universally accepted truth that a right education will secure virtue and power, and that virtue and power are the essentials of individual and national well-being. Education is then the supreme interest of the age. It is only recently, since republican principles are accepted as the true foundation of right government, that the education of all the youth has come to be regarded of prime importance. The proper interest in the cause of education is just beginning to be felt by all classes of people. And although in the last twenty-five years much has been written, yet we are a long way from the Science of Education. In the mean time it is fitting that teachers should help one another, by the exchange of ideas. It is...
