Reviews

An extremely awesome publication with lucid and perfect explanations. It is actually written in basic phrases rather than confusing. You will like how the writer publishes this book.

AUGUSTIN JACOB LANDRÉ-BAUVAIS

DOWNLOAD

Alphascript Publishing. Taschenbuch. Book Condition: Neu. Neuware - Augustin Jacob Landré-Beauvais (1772-1840) was a French surgeon best known for his description of rheumatoid arthritis. Born in Orléans, he studied under Pierre-Joseph Desault and Marie François Xavier Bichat in Paris, and then from 1792 under Jean Louis Petit in Lyon. In 1796 he obtained an internship at the famed Salpêtrière Hospital, where he assisted Philippe Pinel. He was appointed professor of clinical medicine at the Salpêtrière in 1799. After the restoration, he also held the professorship at the Paris polytechnic school. He was removed in 1830 at the insistence of King Louis-Philippe of France. His description of rheumatoid arthritis, now regarded as the first modern-day account of the disease, incorrectly identified it as a form of gout. Before Landré-Beauvais, several other physicians had already discovered that it may be distinct from gout 88 pp. Englisch.
