

## Ideas Into Hardware: A History of the Rocket Engine Test Facility at the NASA Glenn Research Center: Engine Test Facility at the NASA Glenn Research Center

By Virginia P Dawson

CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 162 pages. Dimensions: 9.0in. x 6.0in. x 0.4in. This document was generated for the NASA Glenn Research Center, in accordance with a Memorandum of Agreement among the Federal Aviation Administration, National Aeronautics and Space Administration (NASA), The Ohio State Historic Preservation Officer, and the Advisory Council on Historic Preservation. The City of Cleveland's goal to expand the Cleveland Hopkins International Airport required the NASA Glenn Research Center's Rocket Engine Test Facility, located adjacent to the airport, to be removed before this expansion could be realized. To mitigate the removal of this registered National Historic Landmark, the National Park Service stipulated that the Rocket Engine Test Facility be documented to Level I standards of the Historic American Engineering Record (HAER). This history project was initiated to fulfill and supplement that requirement. This item ships from La Vergne, TN. Paperback.
