It is the first of two books that will cover the fighting in the east centered on the Soviet Union. In a departure from the previous Early War books, where they have handled each theatre in one large volume, this time they decided to divide the fighting between the Soviet Union's early fighting on the its border in 1939 and 1940, and Operation Barbarossa when the Germans invaded in 1941. Soviet expansion led to wars against Poland and Finland. In the far-east the Soviet Union shared a border with Manchukuo (Manchuria), a puppet-state of Japan and tensions eventually exploded into war 1939 between Japan and the Soviet Union. Rising Sun brings you into the Soviet Union's wars with the Japanese and Finns on its borders in 1939. Take command of the Red Army's tank forces, infantry or cavalry forces as you throw the Japanese back into Manchuria or fight the stubborn Finns to expand the Soviet border.
